### Contact

**Brand:** FAST-STAT  
**Manufacturer:** Nordic Technology Ltd  
**Brand Logo:** fast-stat.jpg  
**Manufacturer Logo:** nordic-technology.jpg  
**Country of Origin:** Canada  
**Tariff Code:** 9032.90.6120  
**Warranty:** Lifetime

**Product Overview:** When upgrading HVAC equipment, allows new functions (G, Y, W2, etc) to operate over the existing thermostat or condenser cable. The FAST-STAT product line does not require batteries or produce electrical interference.

Name	Description	Info	Files
Common Maker	<p><b>Short:</b> Adds a common wire for Wi-Fi and other powered thermostats.</p> <p><b>Long:</b> Adds a common 'C' connection to a thermostat cable with 2 or more wires. Designed to power Wi-Fi and other powered thermostats. Compatible with all thermostats and equipment, including furnaces, air handlers, zone valves, zone controllers, millivolt systems, and more.</p>	<p>Part #: FSCM00            Size: 4.8"x7.6"x1.6"            Weight: 0.30lb            UPC #: 616316617322</p>	<p>FSCM00-01.jpg            FSCM00-02.jpg            FSCM00-03.jpg            FSCM00-04.jpg</p>
Model 1000	<p><b>Short:</b> Adds a one wire to a thermostat or condenser cable.</p> <p><b>Long:</b> Adds one wire to a thermostat or condenser cable. For upgrading to heat pumps, 2-stage air conditioning, cable repair, and more. Can be used to add a common 'C' connection if the thermostat cable has 3 or more wires.</p>	<p>Part #: FS1000            Size: 4.8"x7.6"x1.6"            Weight: 0.30lb            UPC #: 616316617278</p>	<p>FS1000-01.jpg            FS1000-02.jpg            FS1000-03.jpg            FS1000-04.jpg</p>
Model 3000	<p><b>Short:</b> Adds two wires to a thermostat or condenser cable.</p> <p><b>Long:</b> Adds two wires to a thermostat or condenser cable. Typically used for adding air conditioning to a heat only system or upgrading from an air conditioner to a 2-stage heat pump. Can be used to add a common 'C' connection if the thermostat cable has 3 or more wires.</p>	<p>Part #: FS3000            Size: 4.8"x7.6"x1.6"            Weight: 0.35lb            UPC #: 616316617285</p>	<p>FS3000-01.jpg            FS3000-02.jpg            FS3000-03.jpg</p>
Model 5000	<p><b>Short:</b> Adds a common and three control wires to a thermostat cable.</p> <p><b>Long:</b> Adds three wires and a common 'C' connection to a thermostat cable. For upgrading from single stage heating to 2-stage heating and air conditioning. Allows R, C, W1, W2, Y, and G to operate over a 2-wire thermostat cable.</p>	<p>Part #: FS5000            Size: 4.8"x7.6"x1.6"            Weight: 0.4lb            UPC #: 616316617292</p>	<p>FS5000-01.jpg            FS5000-02.jpg</p>
Model 7000	<p><b>Short:</b> For air conditioner to heat pump conversions. Adds wiring between the thermostat, indoor unit, and heat pump.</p> <p><b>Long:</b> Extends the wiring between a thermostat, indoor unit, and heat pump. A 3-part kit that operates a single or two-stage heat pump over a 2-wire condenser cable and 4-wire thermostat cable. Built-in optional fossil fuel/supplemental heat controller.</p>	<p>Part #: FS7000            Size: 4.8"x7.6"x1.6"            Weight: 0.6lb            UPC #: 616316617308</p>	<p>FS7000-01.jpg            FS7000-02.jpg            FS7000-03.jpg</p>
